PURPOSE/BACKGROUND

All Local Education Agencies (LEAs) participating in the National School Lunch Program (NSLP) or School Breakfast Program (SBP) must make free and reduced-price meals available to students. Meal application materials are updated each year to reflect changes to income guidelines and program regulation. The United States Department of Agriculture (USDA) income guidelines (effective July 1, 2017 – June 30, 2018), free and reduced-price meal applications/materials for school year 2017-18, reference sheets, and training videos can be found on the Office of Superintendent of Public Instruction (OSPI) Child Nutrition Services (CNS) Free and Reduced-Price Information webpage at <http://www.k12.wa.us/ChildNutrition/Programs/NSLBP/FreeReduced.aspx>.

ELIGIBILITY MANUAL FOR SCHOOL MEALS

The Eligibility Manual for School Meals is the USDA guiding document for determining household eligibility for meals and disclosure of free and reduced-price eligibility information. The manual is available at the above-mentioned webpage. The most current manual is dated

July 2016. You will be notified if this manual is updated before the start of the school year. Please ensure you are using the most current version.

LETTER TO HOUSEHOLDS AND APPLICATIONS FOR FREE AND REDUCED-PRICE MEALS

The Letter to Households must be distributed at the beginning of the school year to households of children attending the school. These letters inform families which meal programs are available and notifies households meals may be available for free or at a reduced-price. Letters to Households and Applications for Free and Reduced-Price Meals must be sent before or near the beginning of the school year, but may not be sent before July 1 of each year.

LEAs must use the state prototype Letter to Households and Application for Free and Reduced-Price Meals or the USDA prototype available at <https://www.fns.usda.gov/school-meals/applying-free-and-reduced-price-school-meals>.

The following Letter to Households and Application for Free & Reduced-Price Meals are available:

2017-18 Application for Free and Reduced-Price Meals

The application allows households to apply for free and reduced-price meal benefits. Information may be shared with other programs to provide students benefits, such as reduced fees *only* if specifically named and agreed upon by households. (See Section 7 of the application or available as a separate form.) Examples of programs that can be listed in Section 6 include sports, band programs, College Bound, reduced fees for PSAT, SAT, and summer school, as well as other programs the LEA may offer or at a reduced fee for households eligible for free and reduced price meals.

Letter to Households – Public Schools

This letter is for public school districts, charter schools, and tribal compact schools.

Letter to Households – Private Schools/RCCIs

This letter is for private school and residential child care institution (RCCI).

Letter to Households – Non-pricing/Provision

This letter is for Provision 2 programs operating a *base* year and schools that offer meals at no cost, but are not participating in Community Eligibility Provision (CEP) or Provision 2 in a *non-base year*. Provision 2 programs can only send applications for free and reduced-price meals during the base year. Provision 2 schools during non-base years and CEP schools should use the Family Income Survey, available at

<http://www.k12.wa.us/ChildNutrition/Programs/NSLBP/CommunityEligibility.aspx>.

TRANSLATIONS AND LIMITED ENGLISH PROFICIENCY (LEP)

The application materials and other communications with households concerning access and eligibility determinations must be in a language parents or guardians can understand. LEAs have the responsibility to be aware of language needs of LEP households and ensure these

households have access to the same information other households have in a manner they can easily understand. USDA provides application translations in 34 languages. These materials are located at the USDA website at <https://www.fns.usda.gov/school-meals/translated-applications>.

SCANNED AND ONLINE APPLICATIONS

LEAs using a meal application formatted specifically for scanning software systems or online access must receive approval each year. Requests for approval may be e-mailed to Wendy Barkley, Supervisor, School Nutrition Programs, at wendy.barkley@k12.wa.us. The request must include a brief description of the changes made to the application and copies of the Letter to Households and the Household Application for Free and Reduced-Price Meals the LEA wishes to use. For online systems, include a link to the online application materials or the demonstration site. Ensure application materials are updated to reflect current regulations and allow two weeks turnaround time for review of your materials.

MEDIA RELEASE FOR FREE AND REDUCED-PRICE MEALS

Regulations require the public be notified school meal programs are available in a school or school district. OSPI provides a public release to the media that meets this regulation. However, LEAs are encouraged to provide a release and a supply of meal application forms to local organizations that provide assistance to low-income families such as food banks; Women, Infants, and Children (WIC) clinics; post offices; and employment security offices. An assurance there will be no discrimination against LEP households must be included.

CONSENT TO SHARE CHILD NUTRITION PROGRAM ELIGIBILITY INFORMATION FOR OTHER SCHOOL PROGRAMS

LEAs have two options to allow households to share eligibility information with school officials for reduced fees for other programs. LEAs may use the Other Benefits section (Part 6 on Version 1) on the back of the meal application. Or, use the *Consent to Share Child Nutrition Program Eligibility Information for Other School Programs* form available at <http://www.k12.wa.us/ChildNutrition/Programs/NSLBP/FreeReduced.aspx>.

For students that have been directly certified to receive free meal benefits, the *Consent to Share Child Nutrition Program Eligibility Information for Other School Programs* allows the sharing of eligibility information with school officials for reduced fees for other programs. This form may also be sent home with the letter notifying households that they have been directly certified for free meals.

PROCESSING APPLICATIONS

LEAs must process applications within 10 working days. The 2017-18 Income Guidelines are located at <http://www.k12.wa.us/ChildNutrition/Programs/NSLBP/FreeReduced.aspx>.

The *determining official* is the individual(s) responsible for reviewing and approving free and reduced-price meal applications. The *hearing official* is the individual responsible for reviewing and making a determination regarding an appeal to a benefit determination. The hearing

official and determining official cannot be the same person. The Letter to Household should include the name of the hearing official and the individual who can provide alternative means of communication to persons who require program information in other formats.

NOTIFICATION OF ELIGIBILITY DETERMINATION

Households must be notified of their eligibility status. Households with children who are approved for free or reduced-price meal benefits may be notified in writing or verbally. Households with children who are denied benefits must be provided with written notification of the denial through mail or e-mail.

LEAs may use the following prototype Notice of Eligibility letters available at <http://www.k12.wa.us/ChildNutrition/Programs/NSLBP/FreeReduced.aspx>.

Notice of Eligibility for Free or Reduced-Price Meals

This letter may be used to notify households of student(s) who have been approved for free or reduced-price meals.

Notice of Eligibility for Free Meals – Directly Certified

This letter may be used to notify households of student(s) who have been approved for free meals through Direct Certification.

Notice of Denied Eligibility for Free or Reduced-Price Meals

This letter may be used to notify households of student(s) who have been denied free or reduced-price meal benefits. Households with students who are denied must be given written notification of the denial.

LEAs that use their own notification/denial letters must include in the denial letter:

- Reason for denial of benefits;
- Right to appeal;
- Instructions on how to appeal;
- Ability to reapply for benefit at any time during the year if their household circumstances change; and
- USDA Non-discrimination statement.
