## **2. PURPOSE OF REQUEST FOR PROPOSALS**

The Office of Superintendent of Public Instruction (OSPI) is initiating this Request for Proposals (RFP) to solicit proposals from Bidders interested in participating on a project to evaluate the alignment of two (2) separate test designs and content areas administered to high school students. The first is the Washington Comprehensive Assessment Program (WCAP) High School Mathematics assessment (that uses the Smarter Balanced test design). The second is the Washington Access to Instruction and Measurement (WA-AIM) High School English Language Arts (ELA) assessment. In both instances, the state moved administration of the respective assessment from grade 11 to grade 10 resulting in changes to the measured learning standards and/or the test items used to measure student achievement on the applicable learning standards.

### 3. BACKGROUND

OSPI is the primary agency charged with overseeing K-12 public education in Washington State. Led by State School Superintendent Chris Reykdal, OSPI works with the state's two hundred and ninety-five (295) school districts to administer basic education programs and implement education reform on behalf of more than one million public school students. OSPI resides in the Old Capitol Building in Olympia.

OSPI is the agency charged with development and administration of state assessments used in state and federal accountability. Inasmuch, OSPI is responsible for ensuring that the quality of its assessment instruments are in keeping with nationally recognized practices in the field of test measurement and psychometrics. Specific to this charge and in carrying out the objective of demonstrating validity and reliability in its testing program, OSPI includes as one of the many processes, conduct of alignment studies associated with each assessment instrument.

#### 1. *Smarter Balanced Assessment – Mathematics*

The *Mathematics K–12 Learning Standards* were adopted by the Superintendent of Public Instruction in summer 2011. The math standards are comprised of the Standards for Mathematical Practice and the Standards for Mathematical Content.

The Smarter Balanced Assessments for math (and ELA) are based on a computer adaptive test (CAT) portion and a Performance Task (PT) portion.

Each item on the assessment aligns to one of the Smarter Balanced Claims. These claims represent the organization of the standards for both math.

Items in the CAT are either stand-alone items or linked to a stimulus or stimuli. Items in the PT are linked to a stimulus or stimuli and, in some cases, to other items within the PT. All CAT and PT items and stimuli come from the Smarter Balanced Assessment Consortium (SBAC), of which Washington is a member.

In July 2017, ESHB 2224 directed OSPI to administer the high school math (and ELA) assessments in 10th grade instead of 11th grade as done in previous years. Through November of 2017, OSPI worked with Washington educators, SBAC staff, and educators from SBAC-member states to evaluate the content that would be included in a 10th grade mathematics (and ELA) assessments.

Through this process, it was determined that no changes to the ELA Smarter Balanced assessment were needed. Changes to the mathematics Smarter Balanced assessment were needed, and the scope of those changes are described in several [documents posted on the Mathematics Assessment webpage](#).

#### 2. *Washington Access to Instruction & Measurement (WA-AIM) - ELA*

The WA-AIM alternate assessment was developed under the same guiding principle of the regular assessment, focusing on individual standards and writing sets of five (5) items to fully measure the standard.

WA-AIM ELA development work occurred in three (3) specific phases with built-in content and bias reviews occurring throughout the development process.

Phase 1: Learning Standard Selection: Phase 1 OSPI assessment and content staff did a crosswalk between the 11–12 grade ELA standards and Essential Elements on the 11th grade WA-AIM and the corresponding 9–10 standards and Essential Elements to see if the Access Points built to the 11–12 standard would be able to measure the 9–10 standards. After determining the 11–12 Access Points would not be sufficient to measure four (4) of five (5) standards, OSPI began development of a new High School (HS) ELA assessment based on the 9-10 ELA Learning Standards.

Through a similar Phase 1 process, with the original WA-AIM mathematics standards, it was determined there were no changes needed on the WA-AIM HS Mathematics assessment.

Phase 2: Access Point Framework Development: Phase 2 involved the process of reducing the depth and complexity of the skills measured in the standard through development of the Access Point Frameworks, which is the foundation of the WA-AIM test design. The committee was tasked with taking the selected standards from Phase 1, reducing the language down into an Essential Concept, then building out three (3) Access Points. The Access Points serve as the measureable knowledge, skills, and abilities of the WA-AIM. The WA-AIM has three Access Points for each standard measured (refer to Figure 1, below).

**Figure 1: Example of an Access Point Framework**

ENGLISH LANGUAGE ARTS		High School		
Strand: Reading: Literature				
Sub-strand: Key Ideas and Details				
Washington K-12 Learning Standard	Essential Element	ACCESS POINTS Built on Three Levels of Complexity		
		More Complex ◀ ◯ ◯ ◯ ◯ ◯ Intermediate ◯ ◯ ◯ ▶ ◯ ◯ ▶ Less Complex		
RL.9-10.2 Determine a theme or central idea of a text and analyze in detail its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.	EE.RL.9-10.2 Recount events related to the theme or central idea, including details about character and setting.	Student will explain how the events, characters, and setting help to develop a theme or central idea of a text.	Student will recount events related to the theme or central idea, including details about character and setting.	Student will identify the main events of a text that include details about character and setting.

Phase 3: Performance Task and Example Item Development: Phase 3 involved the development of the Performance Tasks for each Access Point. Each Performance Task contain the following elements:

- Requirements: List of what must be present in the items administered to the student.
- Restrictions: Accommodations, modifications, adaptations, or boundaries of each item which may violate the item constructs.
- Example Items: Five (5) example items that teachers may administer to their student as they appear. Teachers may also use the example items as models or

templates to develop their own set of five (5) items which meet the requirements of the Performance Task.

- Adaptations (Accommodations): A list of common presentation or response suggestions that may be applied to any example or teacher created items at the teacher's discretion as long as the adaptation/accommodation is not restricted in a specific Performance Task.

#### **4. OBJECTIVE AND SCOPE OF WORK**

Evaluate the alignment of OSPI's high school WCAP mathematics assessment and the high school WA-AIM ELA assessment to the state's current applicable content learning standards, the *Washington 2011 State K-12 Mathematics and English Language Arts Learning Standards*, respectively. The activities required to accomplish the primary objective will involve subject matter experts who systematically gather judgments about selected dimensions of alignment (e.g., content match, cognitive complexity) of components of the system (e.g., content standard extensions, current assessments, scoring rules & requirements, administration guidelines), as applicable to both assessments. A complete analysis with conclusions drawn as a result of the alignment study shall be delivered to OSPI as a technical report at the conclusion of the Contract.

Bidders should become familiar with the materials that are both global (applicable across content) and specific to the general and alternate assessments (mathematics and ELA, respectively), regarding design and administration, and that will support plans and approaches to satisfactorily complete the objective of this RFP. The general assessment should be viewed as filling the prototypical role of a large-scale assessment, whereas, WA-AIM is the state's alternate assessment based on alternate academic achievement standards (AA-AAAS), assessing students with the most significant cognitive disabilities/challenges (in more informal vernacular, the 1% assessment). Supporting materials associated with the state's two assessments can be found at links listed in Exhibit D.

For estimating purposes, meetings to conduct the alignment studies and a pre and post-study meeting with OSPI and its National Technical Advisory Committee (NTAC) should be proposed for locations in or around the Seattle-Tacoma International Airport.

#### **5. BIDDER QUALIFICATIONS**

##### **Minimum Qualifications:**

- Licensed to do business in the State of Washington. If not licensed, provide a written intent to become licensed in Washington within thirty (30) calendar days of being selected as the Apparent Successful Bidder.
- Experience within the last five (5) years with large-scale assessment, and associated knowledge of best practices in the field of test measurement.
- Experience with the last five (5) years with public K-12 education.
- Experience conducting alignment study activities between standards and measurement instruments.

Consultants who do not meet these minimum qualifications will be rejected as non-responsive and will not receive further consideration. Any proposal that is rejected as non-responsive will not be evaluated or scored.

**Desirable Qualifications:**

- Participation in the primary activities of and conduct of studies of a recognized expert in Next Generation Science Standards.
- Experience in developing assessment items and tasks aligned to the Next Generation Science Standards.

**6. PERIOD OF PERFORMANCE**

The period of performance of any contract resulting from this RFP is tentatively scheduled to begin on or about August 1, 2018, and end on or about January 31, 2019. The option to extend any contract resulting from this procurement shall be at the sole discretion of OSPI.

**7. FUNDING**

OSPI has budgeted an amount not to exceed sixty thousand dollars (\$60,000) for this project. Proposals in excess of this amount will be rejected as non-responsive and will not be evaluated.

Should bidder submit a proposal listing travel as separate charges, applicable mileage, meals, lodging, or other travel-related expenses, are expected to be estimated, and will subsequently be reimbursed, in accordance with [Washington State travel regulations](#) established by the Office of Financial Management, irrespective of cost estimates provided in the proposal.

Any contract awarded as a result of this procurement is contingent upon the availability of funding. The Bidder shall provide their most favorable and competitive cost estimate to perform the work.

**8. INDIRECT COSTS**

Per OSPI's indirect costs policy, the maximum amount that may be charged or included in grants and contracts is the following:

### 3. COMPLAINT PROCEDURE

The complaint process is available to Bidders interested in this RFP. The complaint process allows Bidders to focus on the solicitation requirements and evaluation process and raise issues with these processes early enough in the process to allow an agency to correct a problem before proposals are submitted and time expended on evaluations.

A Bidder may submit a complaint based on any of the following:

- The solicitation unnecessarily restricts competition;
- The solicitation evaluation or scoring process is unfair or flawed; or
- The solicitation requirements are inadequate or insufficient to prepare a response.

Bidders may submit complaints up to five (5) business days prior to the proposal due date noted in the Estimated Schedule of Procurement Activities. However, Bidders are encouraged to submit complaints as soon as possible so OSPI can rectify the issue(s) early in the process. Complaints must be submitted to the RFP Coordinator. In order to be considered a valid complaint, the complaint must meet the following requirements:

- Must be in writing.
- Should clearly articulate the basis for the complaint.
- Should include a proposed remedy.

Complaints not received by the deadline noted in the Estimated Schedule of Procurement Activities will not be reviewed by OSPI. Failure by the Bidder to raise a complaint at this stage may waive its right for later consideration.

The OSPI Contracts Administrator or an employee delegated by the Contracts Administrator will review valid complaints and respond to the submitter in writing. OSPI will consider all complaints but is not required to adopt a complaint, in part or in full. OSPI's response to the complaint is final and not subject to administrative appeal. The response, and any changes to the RFP will be posted to WEBS prior to the proposal due date. Any complaint addressed during the complaint process cannot be raised during the protest process.

### 4. SUBMISSION OF PROPOSALS

Bidders shall submit proposals as an attachment to an email to the RFP Coordinator noted in Section B.1. **Proposals must arrive by 3:00 p.m. in Olympia, WA, on June 15, 2018.** (Please note RFP No. 2018-27 in the email subject line.) Attachments to the email shall be Microsoft Word format or in Portable Document Format (PDF). Zipped files may be received by OSPI and can be used for submission of proposals. OSPI does not assume responsibility for any problems with the electronic delivery of Applicant materials.

Proposals not received by the deadline will not be reviewed. Late proposals will not be accepted and will be automatically disqualified from further consideration. Proposals must respond to the procurement requirements. Do not respond by referring to material presented elsewhere. The proposal must be complete and must stand on its own merits.

Failure to respond to any portion of the procurement document may result in rejection of the proposal as non-responsive. All proposals and any accompanying documentation become the property of OSPI and will not be returned.

## 5. PROPRIETARY INFORMATION/PUBLIC DISCLOSURE

Your entire response to this RFP is a public record and will be disclosed consistent with the Public Records Act), Chapter 42.56 RCW.

If you have any questions, refer to the [OSPI Public Records Office](#).

## 6. ADDENDUMS AND AMENDMENTS TO THE RFP

In the event it becomes necessary to revise any part of this RFP, an addendum or an amendment will be published on the [OSPI website](#). For this purpose, the published Consultant questions and Agency answers, and any other pertinent information, shall be considered an addendum to the RFP. Additionally, all addenda referred to above will be released on WEBS under the commodity code(s) listed on the cover page of this RFP. It will be the responsibility of interested Consultants to check the website periodically for addenda and amendments to the RFP.

## 7. SMALL BUSINESS, MINORITY & WOMEN’S BUSINESS ENTERPRISES (MWBE), AND VETERAN-OWNED BUSINESS PARTICIPATION

In accordance with the legislative findings and policies set forth in chapter [39.19 RCW](#), the State of Washington encourages participation in all of its contracts by firms certified by the Office of Minority and Women’s Business Enterprises (OMWBE). ## **9. RESPONSIVENESS**

All proposals will be reviewed by the RFP Coordinator to determine compliance with administrative and minimum requirements and instructions specified in this RFP. OSPI may reject a Proposal as nonresponsive at any time for any of the following reasons:

- Incomplete Response
- Submission of a Response that proposes services that deviate from the scope and technical requirements set forth in this document and Exhibit B, Sample Contract, except as permitted in an amendment to this Solicitation
- Failure to meet the minimum Bidder qualifications or to comply with any requirement set forth in this RFP, including Attachments
- Submission of incorrect, misleading or false information
- History of prior unsatisfactory contractual performance

The RFP Coordinator may contact any Bidder for clarification of the proposal. If a proposal is deemed non-responsive, it shall be removed from further consideration. Bidders whose proposals are found to be non-responsive shall be disqualified from further evaluation and shall be notified in writing. Within three (3) business days following such notification, Bidder may request a Debriefing Conference that shall be limited to the reasons Bidder was found to be non-responsive. Refer to Debriefing of Unsuccessful Proposers procedure in Section D.

If a proposal meets all administrative and Bidder qualification requirements and submittal instructions, OSPI shall continue with the written evaluation and, if applicable, the oral evaluation.

OSPI reserves the right at its sole discretion to waive minor administrative irregularities.

## **10. MOST FAVORABLE TERMS**

Therefore, the proposal should be submitted initially on the most favorable terms which the Bidder can propose. There will be no best and final offer procedure. OSPI does reserve the right to contact a Bidder for clarification of its proposal.

The Bidder should be prepared to accept this RFP for incorporation into a contract resulting from this RFP. Contract negotiations may incorporate some or all of the Bidder's proposal. It is

understood that the proposal will become a part of the official procurement file on this matter without obligation to OSPI.

OSPI will review requested exceptions and accept or reject the same at its sole discretion.

Should contract negotiations fail to be completed within two (2) weeks after initiation, the State may immediately cease contract negotiations, declare the Vendor with the second highest score as the new Apparent Successful Contractor, and enter into contract negotiations with that Vendor. This process will continue until the Contracts are signed or no qualified Vendors remain.

2. Location of the facility from which the Bidder would operate; and
3. A detailed list of all materials and enclosures included in the Proposal.

### **2. TECHNICAL PROPOSAL (SCORED)**

The Technical Proposal must contain a comprehensive description of services including the following elements:

- A. Project Approach/Methodology** – Include a complete description of the Bidder’s proposed approach and methodology for the project. This section should convey Bidder’s understanding of the proposed project.
- B. Work Plan** – Include all project requirements and the proposed tasks, services, activities, etc. necessary to accomplish the scope of the project defined in this RFP. This section of the Technical Proposal must contain sufficient detail to convey to members of the evaluation team the Bidder’s knowledge of the subjects and skills necessary to successfully complete the project. Include any required involvement of OSPI staff. The

Bidder may also present any creative approaches that might be appropriate and may provide any pertinent supporting documentation.

**C. Project Schedule** – Include a project schedule indicating when the elements of the work will be completed and when deliverables, if any, will be provided.

**D. Deliverables** – Fully describe deliverables to be submitted under the proposed contract.

**E. Outcomes and Performance Measurement** – Describe the impacts/outcomes the Bidder proposes to achieve as a result of the delivery of these services including how these outcomes would be monitored, measured and reported to the state agency.

**Please Note: Mere repetition of the work statement in Section 1 will not be considered responsive.**

**F. Risks** – Define risks you identify as being significant to the success of the project. Include how you would propose to effectively monitor and manage these risks, including reporting of risks to the agency's contract manager.

## **2A. Alignment Plan – Considerations**

In proposing a methodology for conduct of the alignment study(ies) Bidder should attend to the following considerations specific to the associated content standards and design of both the WCAS and WA-AIM assessment.

- As part of both the assigned-staff preparation and execution of the in-person work sessions, an orientation/overview presented by OSPI on elements of NGSS and the state's efforts in achieving efficacy behind the standards vision for science instruction and learning and the resulting assessment design.
- As part of both the assigned-staff preparation and execution of the in-person work group sessions, receipt and review of OSPI materials and documentation that support item-development activities (e.g., PowerPoints, pre-workshop training).
- Inclusion, with full description, of intended review criteria for conduct of the alignment study(ies).
- Inclusion within proposal of documentation that serves as evidence of the Bidder's comprehension and understanding behind the structure of the NGSS and key documents used to interpret and apply the NGSS.
  
- Specific to the math Smarter Balanced assessment:
  - An item must be determined as meeting the intent of the Standards for Mathematical Content as well as the Standards for Mathematical Practice to which it is aligned. The intent of the content standard(s) and practice(s) is informed by analyses based on the information specified in the content standards and practices themselves.
  - The basis of items meeting the intent of the content standard(s) and practice(s) is that they meet the expectations of alignment to the standard(s) and practice(s).
  - Allow for an assessment item to measure a range of content standard(s) and practice(s).

The following additional documentation can be used to inform interpretation of the intent of the content standards and practices. These materials can be used to help inform alignment judgments and interpretation of the intent of information in the foundation boxes, but should not be relied upon as a primary source of alignment judgment, as the primary source of alignment judgment is the specific language in the standards and practices.

- Smarter Balanced's *Mathematics Content Specifications* (SBAC, 2015).
- Introduction and Standards for Mathematical Practice from the *Common Core State Standards* for mathematics (Common Core State Standards Initiative, 2011).
- Smarter Balanced's *Mathematics Item Specifications* (SBAC, 2017).

Specific to the WA-AIM instrument:

- There is a process of linking or “bridging” of the PEs through generated Essential Concepts to the Access Point Frameworks, which are the foundation of the assessment of the intended student population.
- Assessment is constructed as performance tasks with five (5) inter-related items achieving measurement of the identified (linked) standard.
- Only components explicit to linked standards (refer to above bullet) may be assessed in the series of five (5) items.
- Alignment will mean close integration of the dimensions integral to the linked standard as represented in the series of five (5) items.
- In evaluating alignment of the set of five (5) items, the alignment should consider the degree of integration of the dimensions of the linked standard. For example, the set of five (5) items may find full alignment with SEP, partial alignment to DCI, and only minimal (or no) alignment to CCC. The more fully aligned on all dimensions, the stronger the integration of the dimensions and the more aligned the item is as a whole.
- The series of five (5) items and the order of alignment considerations should likely be:
  - Integration of the dimensions (SEP, DCI, CCC)
  - Degree of connection to all three dimensions
  - Appropriateness of DOK
- An alignment approach will most likely need to consider both item-series and test-level criteria.

Specific to the lead consultant/facilitator of the study(ies), OSPI must be able to discern the degree of expertise/familiarity with the Mathematics K–12 Learning Standards and English Language Arts K–12 Learning Standards or the Common Core State Standards for math and ELA, assessment implementation of those standards (not just written academic reports). Bidder shall provide rationale for lead consultant/facilitator’s selection.

## **2B. Subject Matter Experts – In-Person Meetings**

Bidder shall propose a comprehensive plan to conduct in-person meetings with subject matter experts to gather the initial data and judgements needed for the alignment study. A comprehensive plan shall include no less than the following details:

- Number of panelists by grade level/span and content combinations
- Number of days required to accomplish data/judgement gathering
- Explicit study design (methodology) for presentation to OSPI's technical advisory committee
- Timeline/Schedule detailing completion of required activities

Proposed study design must have the adequate flexibility to integrate potential modifications and approaches put forth after technical review.

## **2C. Panelist Recruitment**

Bidder shall address all logistical details associated with the conduct of in-person meetings involving subject matter experts. Details will be coordination of travel and reimbursement of associated expenses (travel, stipends, substitute costs, etc.), candidate selection notifications, prospective applicant processes, etc. OSPI will participate in, and retain final say in communications regarding meeting details, invitations to apply, and actual selection of panel candidates.

At a minimum, recruitment of panelists must focus on means of candidates demonstrating:

- a. Existing understanding of, or plan to acquire working knowledge of, the NGSS and the expectations behind effective instruction with and assessing of the standards.
- b. Existing understanding of, or plan to acquire working knowledge of, the Science Assessment Item Calibration (SAIC) Assessment Framework and/or OSPI's specific test design for NGSS.

## **2D. Meeting – Technical Advisory Committee**

If contracted for services, Bidder will participate in the State's Technical Advisory Committee (TAC) meeting slated for the months of September 2018 and January 2019. The purpose will be to present the procedural plan for conduct of the alignment studies followed by presentation of outcomes from said studies with accompanying review of the technical report for acceptance by the state. Expenses associated with participation will be the sole responsibility of the Bidder.

## **3. MANAGEMENT PROPOSAL**

### **A. Project Management (SCORED)**

1. **Project Team Structure/Internal Controls** – Provide a description of the proposed project team structure and internal controls to be used during the course of the project, including any subcontractors.

Provide an organizational chart of your firm indicating lines of authority for personnel involved in performance of this potential contract and relationships of this staff to other programs or functions of the firm. This chart must also show lines of authority to the

next senior level of management. Include who within the firm will have prime responsibility and final authority for the work.

2. **Staff Qualifications/Experience** – Identify staff, including subcontractors, who will be assigned to the potential contract, indicating the responsibilities and qualifications of such personnel, and include the amount of time each will be assigned to the project. Provide résumés for the named staff, which include information on the individual’s particular skills related to this project, education, experience, significant accomplishments and any other pertinent information. The Bidder must commit that staff identified in its proposal will actually perform the assigned work. Any staff substitution must have the prior approval of OSPI.

#### **B. Experience of the Bidder (SCORED)**

1. Include other relevant experience that indicates the qualifications of the Bidder, and any subcontractors, for the performance of the potential contract.
2. Include a list of contracts the Bidder has had during the last five (5) years that relate to the Bidder’s ability to perform the services needed under this RFP. List contract reference numbers, contract period of performance, contact persons, telephone numbers, and fax numbers/e-mail addresses.

#### **C. References (SCORED)**

List names, addresses, telephone numbers, and fax numbers/email addresses of three (3) business references for whom work has been accomplished and briefly describe the type of service provided for them. By submitting a proposal in response to this RFP, the vendor and team members grant permission to OSPI to contact these references and others, who from OSPI’s perspective, may have pertinent information. OSPI may or may not, at OSPI’s discretion, contact these references or others. Do not include current OSPI staff as references.

#### **D. Past Performance**

Provide information regarding past performance by indicating if the Bidder has received notification of contract breach in the past five (5) years. This does not lead to automatic disqualification. However, OSPI reserves the right to disqualify Bidder proposals based on the Bidder’s historical performance.

### **4. COST PROPOSAL**

The evaluation process is designed to award this procurement not necessarily to the Bidder of least cost, but rather to the Bidder whose proposal best meets the requirements of this RFP. However, Bidders are encouraged to submit proposals that are consistent with state government efforts to conserve state resources.

**Identification of Costs (SCORED)** – Identify all costs including expenses to be charged for performing the services necessary to accomplish the objectives of the contract. The Bidder is to submit a fully detailed budget including staff costs, administrative costs, travel costs, and any other expenses necessary to accomplish the tasks and to produce the deliverables under the contract. Bidders are required to collect and pay Washington State sales tax, if applicable.

**Travel Costs:** Should bidder submit a proposal listing travel as separate charges, applicable mileage, meals, lodging, or other travel-related expenses, are expected to be estimated, and will subsequently be reimbursed, in accordance with [Washington State travel regulations](#) established by the Office of Financial Management, irrespective of cost estimates provided in the proposal.

**Subcontractor Costs:** Costs for subcontractors are to be broken out separately. Please note if any subcontractors are certified by the Office of Minority and Women’s Business Enterprises.

Per OSPI’s indirect costs policy, the maximum amount that may be charged or included in grants and contracts is the following:

Entity	State Grants and Contracts	Federal Grants and Contracts
School Districts	State recovery rate	Federal indirect rates, per OSPI’s agreement with the U.S. Department of Education
Educational Service Districts	Per annual letter of agreement by K-12 Financial Resources Division	Per annual letter of agreement by K-12 Financial Resources Division
All other entities (including higher education, non-profits, independent consultants, etc.)	10%	10%

## **Section D. EVALUATION AND CONTRACT AWARD**

---

### **1. EVALUATION PROCEDURE**

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this RFP and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team, to be designated by OSPI, which will determine the ranking of the proposals.

### **2. EVALUATION WEIGHTING AND SCORING**

The following points will be assigned to the proposals for evaluation purposes:

<b>Technical Proposal – 50%</b>		<b>50 points</b>
Project Approach/Methodology	20 points (maximum)	
Quality of Work Plan	15 points (maximum)	
Project Schedule	10 points (maximum)	
Project Deliverables	5 points (maximum)	
<b>Management Proposal – 20%</b>		<b>20 points</b>
Staff Qualifications/Experience	10 points (maximum)	
Project Team Structure/Internal Controls	5 points (maximum)	
Experience of the Bidder	5 points (maximum)	
<b>Cost Proposal – 30%</b>		<b>30 points</b>
<b>Subtotal</b>		<b>100 points</b>
Reference Checks (if determined necessary by OSPI)		PASS/FAIL
<b>GRAND TOTAL FOR PROPOSAL</b>		<b>100 points</b>

### **3. SELECTION OF APPARENT SUCCESSFUL CONTRACTOR**

The Consultant submitting the Bid most advantageous to the State will be declared the Apparent Successful Bidder (ASB). The date of announcement of the ASB will be the date the announcement letter is postmarked or, if emailed, the date the email is sent. The State will enter into contract negotiations with the ASB. Should contract negotiations fail to be completed within two (2) weeks after initiation, the State may immediately cease contract negotiations, declare the Vendor with the second highest score as the new ASB, and enter into contract negotiations with that Vendor. This process will continue until the Contracts are signed or no qualified Vendors remain.

### **4. NOTIFICATION TO BIDDERS**

Proposals that have not been selected for further negotiation or award will be notified via email by the RFP Coordinator.

## **5. DEBRIEFING OF UNSUCCESSFUL BIDDERS**

Upon request, an individual debriefing conference will be scheduled with an unsuccessful Bidder. The request for a debriefing conference must be received by the RFP Coordinator within three (3) business days after the Notification of Unsuccessful Bidder letter or e-mail is sent to the Bidder. The debriefing must be held within three (3) business days of the request, unless otherwise agreed upon by the RFP Coordinator and Bidder.

Discussion will be limited to a critique of the requesting Consultant's proposal. Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of thirty (30) minutes.

Please note, because the debrief process must occur before making an award, OSPI likely will schedule the Debrief Conference shortly after the announcement of the ASB and the Bidder's request for a Debrief Conference. OSPI will not allow the debrief process to delay the award. Therefore, Bidders should plan for contingencies and alternate representatives; Bidders who are unwilling or unable to attend the Debrief Conference will lose the opportunity to protest.

## **6. PROTEST PROCEDURE**

This protest procedure is available to Bidders who submitted a response to this RFP document and who have participated in a debriefing conference. Upon completion of the debriefing conference, the Consultant is allowed five (5) business days to file a protest of the procurement with the RFP Coordinator. Protests may be submitted by fax or email, and must be followed by an original, signed document.

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Consultants under this procurement.

All protests must be in writing and signed by the protesting party or an authorized Agent. The protest must state the grounds for the protest including specific facts and complete statements of the action(s) being protested. The protesting party may submit with the protest any documents or information deemed relevant. A description of the relief or corrective action being requested should also be included. All protests shall be addressed to the RFP Coordinator.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of the evaluator/evaluation team;
- Errors in computing the score; and/or
- Non-compliance with procedures described in the procurement document or OSPI policy.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, 2) OSPI's assessment of its own and/or other agencies needs or requirements, or 3) a complaint raised during the Complaint Procedure.

Upon receipt of a protest, a protest review will be held by OSPI. The OSPI Contracts Administrator or an employee delegated by the Contracts Administrator who was not involved in

the procurement will consider the record and all available facts and issue a decision within ten (10) business days of receipt of the protest. If additional time is required, the protesting party will be notified.

In the event a protest may affect the interest of another Consultant that submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFP Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold OSPI's action; or
- Find only technical or harmless errors in OSPI's procurement process and determine OSPI to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide OSPI options which may include:
  - Correct the errors and re-evaluate all proposals, and/or
  - Reissue the RFP document and begin a new process, or
  - Make other findings and determine other courses of action as appropriate.

If OSPI determines that the protest is without merit, OSPI will enter into a contract with the Apparent Successful Bidder. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

All Materials the Contractor has adapted from others' existing openly licensed resources must be licensed with the least restrictive open license possible that is not in conflict with existing licenses.

For Materials that are delivered under the Contract, but that incorporate pre-existing materials not produced under the Contract, Contractor will license the materials to allow others to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. If the Contractor would like to limit these pre-existing portions of the work to [non-commercial use](#), the [Creative Commons Attribution-NonCommercial-ShareAlike](#) license, version 4.0 or later, is acceptable for these specific sections.

The Contractor warrants and represents that Contractor has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to apply such a license.

The Contractor shall exert all reasonable effort to advise the Superintendent, at the time of delivery of data furnished under this Contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this Contract. The Superintendent shall receive prompt written notice of each notice or claim of infringement received by the Contractor with respect to any data delivered under this Contract. The Superintendent shall have the right to modify or remove any restrictive markings placed upon the data by the Contractor.

14. **Covenant Against Contingent Fees.** The Contractor warrants that no person or selling agent has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established agent maintained by the Contractor for the purpose of securing business. The Superintendent shall have the right, in the event of breach of this clause by the Contractor, to annul this Contract without liability or, in its discretion, to deduct from the Contract price or consideration or recover by other means the full amount of such commission, percentage, brokerage or contingent fees.
15. **Disputes.** In the event that a dispute arises under this Contract, it shall be determined by a Dispute Board in the following manner: (1) The Superintendent shall appoint a member to the Dispute Board; (2) the Contractor shall appoint a member to the Dispute Board; (3) the Superintendent and the Contractor shall jointly appoint a member to the Dispute Board; (4) the Dispute Board shall evaluate the dispute and make a determination of the dispute; and, the determination of the Dispute Board shall be final and binding on the parties hereto.

prior to submitting the dispute to a Dispute Board in the event the dispute is not resolved pursuant to mediation within an agreed-upon time period.

16. **Duplicate Payment.** The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state of Washington or any other party under any other contract or agreement, for the same services or expenses.
17. **Entire Agreement.** This Contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Contract shall be deemed to exist or to bind any of the parties hereto.
18. **Ethical Conduct.** Neither the Contractor nor any employee or agent of the Contractor shall participate in the performance of any duty or service in whole or part under this Contract in violation of, or in a manner that violates any provision of the Ethics in Public Service law at Chapter 42.52 RCW, RCW 42.17.130 and 41.06.250 prohibiting the use of public resources for political purposes.
19. **Governing Law.** This Contract shall be construed and interpreted in accordance with the laws of the State of Washington and the venue of any action brought hereunder shall be in Superior Court for Thurston County.
20. **Indemnification.** To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the Superintendent and all officials, agents, and employees of the Superintendent, from and against all claims for injuries or death arising out of or resulting from the performance of this Contract. "Claim" as used in this Contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Additionally, "claims" shall include but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in an unfair trade practice or in unlawful restraint of competition. Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any claim out of or incident to Contractor's or subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless Superintendent and its agents, employees, or officials.

21. **Independent Capacity of the Contractor.** The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his/her employees or agents performing under this Contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to

such employee under law. Conduct and control of the work will be solely with the Contractor.

## 22. Insurance.

a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises out of or in connection with the performance of this Contract. Satisfaction of these requirements shall include, but shall not be limited to:

- 1) Full participation in any required governmental occupational injury and/or disease insurance program, to the extent participation in such a program is mandatory in any jurisdiction;
- 2) Purchase worker's compensation and occupational disease insurance benefits to employees in full compliance with all applicable laws, statutes, and regulations, but only to the extent such coverage is not provided under mandatory governmental program in "a" above, and/or;
- 3) Maintenance of a legally permitted and governmentally approved program of self-insurance for worker's compensation and occupational disease.

Except to the extent prohibited by law, the program of the Contractor's compliance with worker's compensation and occupational disease laws, statutes, and regulations in 1), 2), and 3) above shall provide for a full waiver of rights of subrogation against the Superintendent, its directors, officers, and employees.

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. Any amount owed the Superintendent by the Contractor pursuant to the indemnity may be deducted from any payments owed by the Superintendent to the Contractor for the performance of this Contract.

b. **Proof of Insurance.** Certificates and or evidence satisfactory to the Superintendent confirming the existence, terms and conditions of all insurance required above shall be delivered to the Superintendent within five (5) days of the Contractor's receipt of Authorization to Proceed.

- c. **General Insurance Requirements.** Contractor shall, at all times during the term of the Contract and at its cost and expense, buy and maintain insurance of the types and amounts listed above. Failure to buy and maintain the required insurance may result in the termination of the Contract at the Superintendent's option. By requiring insurance herein, Superintendent does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the Superintendent in this Contract.

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish proof of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. Failure of subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.

23. **Licensing and Accreditation Standards.** The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary to the performance of this Contract.
24. **Limitation of Authority.** Only the Superintendent or the Superintendent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Furthermore, any alteration, amendment, modification, or waiver or any clause or condition of this Contract is not effective or binding unless made in writing and signed by the Superintendent.
25. **Non-Discrimination.** The Contractor shall comply with all the federal and state non-discrimination laws, regulations and policies, which are otherwise applicable to the Superintendent. Accordingly, no person shall, on the ground of race, creed, color, national origin, sex, marital status, sexual orientation, age, or the presence of any sensory, mental, or physical disability, be unlawfully excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any activity performed by the Contractor and its agents under this Contract. The Contractor shall notify the Superintendent immediately of any allegations, claims, disputes, or challenges made against it under the Americans with Disabilities Act. In the event of the Contractor's noncompliance or refusal to comply with this nondiscrimination provision, this Contract may be rescinded, cancelled or terminated in whole or part, and the Contractor may be declared ineligible for further contracts with the Superintendent.
26. **Overpayments.** Contractor shall refund to Superintendent the full amount of any overpayment under this Contract within thirty (30) calendar days of written notice. If Contractor fails to make a prompt refund, Superintendent may charge Contractor one percent (1%) per month on the amount due until paid in full.
27. **Payments.** No payments in advance or in anticipation of services or supplies to be provided under this Contract shall be made by the Superintendent. All payments to the Contractor are conditioned upon (1) Contractor's submission of a properly executed and supported voucher for payment, including such supporting documentation of performance and supporting documentation of costs incurred or paid, or both as is otherwise provided for in the body of this Contract under Duties of the Superintendent, and (2) Acceptance

and certification by the Superintendent or designee of satisfactory performance by the Contractor.

Except as otherwise provided in this Contract, (1) All approvable vouchers for payment due to the Contractor shall be paid within thirty (30) calendar days of their submission by the Contractor, and (2) All expenses necessary to the Contractor's performance of this Contract not specifically mentioned in the Contract shall be borne in full by the Contractor.

28. **Public Disclosure.** Contractor acknowledges that the Superintendent is subject to the Washington State Public Records Act, Chapter 42.56 RCW, and that this Contract shall be a public record as defined in RCW 42.56. Any specific information that is claimed by the Contractor to be confidential or proprietary must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the Superintendent shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view the Contractor's information, the Superintendent will notify the Contractor of the request and the date that such records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the Superintendent will release the requested information on the date specified.

29. **Publicity.** The Contractor agrees to submit to the Superintendent all advertising and publicity matters relating to this Contract which in the Superintendent's judgment, Superintendent's name can be implied or is specifically mentioned. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Superintendent.

30. **Records Maintenance.** The Contractor shall maintain all books, records, documents, data and other evidence relating to this Contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the Contract, shall be subject at all reasonable times to inspection, review or audit by the Superintendent, personnel duly authorized by the Superintendent, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

31. **Registration with Department of Revenue.** The Contractor shall complete registration with the Department of Revenue and be responsible for payment of all taxes due on payments made under this Contract.

32. **Right of Inspection.** The Contractor shall provide right of access to its facilities to the Superintendent or any of its officers at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this Contract on behalf of the Superintendent. All inspections and evaluations shall be performed in such a manner that will not unduly interfere with the Contractor's business or work hereunder.

33. **Severability.** The provisions of this Contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the Contract.
34. **Site Security.** While on Superintendent premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.
35. **Subcontracting.** Neither the Contractor nor any subcontractor shall enter into subcontracts for any of the work contemplated under this Contract without obtaining prior written approval of the Superintendent. In no event shall the existence of the subcontract operate to release or reduce liability of the Contractor to the Superintendent for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this Contract.

If, at any time during the progress of the work, the Superintendent determines in its sole judgment that any subcontractor is incompetent, the Superintendent shall notify the Contractor, and the Contractor shall take immediate steps to terminate the subcontractor's involvement in the work. The rejection or approval by the Superintendent of any subcontractor or the termination of a subcontractor shall not relieve the Contractor of any of its responsibilities under the Contract, nor be the basis for additional charges to the Superintendent.

36. **Taxes.** All payments accrued on account of payroll taxes, unemployment contributions, any other taxes, insurance or other expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.
37. **Termination for Convenience.** Except as otherwise provided in this Contract, the Superintendent or Superintendent's Designee may, by ten (10) days written notice, beginning on the second day after the mailing, terminate this Contract in whole or in part. The notice shall specify the date of termination and shall be conclusively deemed to have been delivered to and received by the Contractor as of midnight the second day of mailing in the absence of proof of actual delivery to and receipt by the Contractor. If this Contract is so terminated, the Superintendent shall be liable only for payment required under the terms of the Contract for services rendered or goods delivered prior to the effective date of termination.
38. **Termination for Default.** In the event the Superintendent determines the Contractor has failed to comply with the conditions of this Contract in a timely manner, the Superintendent has the right to suspend or terminate this Contract. The Superintendent shall notify the Contractor in writing of the need to take corrective action. If corrective action is not taken within thirty (30) days, the Contract may be terminated. The Superintendent reserves the right to suspend all or part of the Contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by the Superintendent to terminate the Contract. In the event of termination, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original Contract and the replacement or cover Contract and all administrative costs directly related to the replacement Contract, e.g., cost of the competitive bidding, mailing, advertising and staff time. The termination shall be deemed to be a "Termination for Convenience" if it is determined that the Contractor: (1) was not in default; or (2) failure

to perform was outside of his or her control, fault or negligence. The rights and remedies of the Superintendent provided in this Contract are not exclusive and are in addition to any other rights and remedies provided by law.

**39. Termination Due to Funding Limitations.** In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Contract and prior to normal completion, the Superintendent may, without advance notice and without liability for damages, terminate the Contract under the "Termination for Convenience" clause. The Superintendent and Contractor may, however, renegotiate this Contract under any such new funding limitations and conditions.

**40. Termination Procedure.** Upon termination of this Contract the Superintendent, in addition to other rights provided in this Contract, may require the Contractor to deliver to the Superintendent any property specifically produced or acquired for the performance of such part of this Contract as has been terminated. The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

The Superintendent shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by the Superintendent and the amount agreed upon by the Contractor and the Superintendent for (a) completed work and services for which no separate price is stated, (b) partially completed work and services, (c) other property or services which are accepted by the Superintendent, and (d) the protection and preservation of the property, unless the termination is for default, in which case the Superintendent shall determine the extent of the liability. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause for this Contract. The Superintendent may withhold from any amounts due to the Contractor such sum as the Superintendent determines to be necessary to protect the Superintendent against potential loss or liability.

The rights and remedies of the Superintendent provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law under this Contract.

After receipt of a notice of termination, and except as otherwise directed by the Superintendent, the Contractor shall:

- a. Stop work under this Contract on the date and to the extent specified, in the notice;
- b. Place no further orders or subcontractors for materials, services or facilities except as may be necessary for completion of such portion of the work under the Contract that is not terminated;
- c. Assign to the Superintendent, in the manner, at the times, and to the extent directed by the Superintendent, all rights, title, and interest of the Contractor under the orders and subcontracts in which case the Superintendent has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
- d. Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Superintendent to

the extent the Superintendent may require, which approval or ratification shall be final for all the purposes of this clause;

- e. Transfer title to the Superintendent and deliver, in the manner, at the times and to the extent as directed by the Superintendent, any property which, if the Contract had been completed, would have been required to be furnished to the Superintendent;
  - f. Complete performance of such part of the work not terminated by the Superintendent; and
  - g. Take such action as may be necessary, or as the Superintendent may direct, for the protection and preservation of the property related to this Agreement which, in is in the possession of the Contractor and in which the Superintendent has or may acquire an interest.
41. **Treatment of Assets.** Except as otherwise provided for in the Contract, the ownership and title to all real property and all personal property purchased by the Contractor in the course of performing this Contract with moneys paid by the Superintendent shall vest in the Superintendent, except for supplies consumed in performing this Contract. The Contractor shall (1) maintain a current inventory of all the real and personal property; (2) label all the property "State of Washington, Superintendent of Public Instruction"; and, (3) surrender property and title to the Superintendent without charge prior to settlement upon completion, termination or cancellation of this Contract.

Any property of the Superintendent furnished to the Contractor shall, unless otherwise provided herein, or approved by the Superintendent, be used only for the performance of the Contract.

The Contractor shall be responsible for any loss or damage to property of the Superintendent which results from the negligence of the Contractor which results from the failure on the part of the Contractor to maintain and administer that property in accordance with sound management practices.

If any property is lost, destroyed, or damaged, the Contractor shall notify the Superintendent and take all reasonable steps to protect the property from further damage. All reference to the Contractor under this clause shall include Contractor's employees, agents and subcontractors.

42. **Waiver.** A failure by either part to exercise its rights under this Agreement shall not preclude that party from subsequent exercise of such rights and shall not constitute a waiver of any other rights under this agreement. Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Agreement unless stated to be such in writing and signed by personnel authorized to bind each of the parties
